

## PEER COACHING REFLECTION.

**Questions: (Type your answer to each question below that question.)**

- ***The first and last name of the peer:***

Aicha Bahammou

- ***The date & time that the coaching meeting took place.***

Saturday 23rd March 2024, 10:00pm

- ***The modality of the call***

Google Meet

- ***Did you feel any anxiety before or during the meeting? Why or why not?***

No, It was a meet between colleagues to share and speak about their passions and interests, it was a friendly meet.

- ***How valuable was the session with your peer? Explain.***

Yes, it gives you an idea about the other person's perspective, and his point of view of taking the program.

- ***Did you make a commitment to your peer? If yes, what was the commitment that you made?***

Yes, I committed to my peer to explore and share resources on advanced data manipulation techniques in Python for our mutual learning in data analytics.

- ***Did you find anything surprising and/or gain any new insight due to the meeting?***

Yes, I gained some ideas on how to merge data analytics with other fields

- ***How helpful did you find the coaching session overall? Explain and share your experience honestly.***

The coaching session was highly beneficial, the coaching session facilitated mutual growth and supported our development in the field of data analytics.

### **-DAILY 3 REPORT**

As part of your Write Up, report on your Movement practices this week:

- ***How many minutes did you spend practicing Movement each day (Be honest!)***

A minimum of 30 minutes daily movements

- ***If you did not do at least 20 minutes each day, what were the reasons? If you did, what were the reasons?***

It was already a part of my routines

### **-MILESTONE # 2 SUBMISSION**

## PART 1: Write down your PICS (You must state at least 2)

### **P**assions

What would you get out of bed for in the morning if money wasn't an issue?

---

- Making a positive impact on the world
- Continuous personal and professional growth
- Achieving a serene life

### **I**nterests

What are you most curious about?

---

- Data analysis methodologies and applications
- Economic dynamics and trends
- Social phenomena and their implications

### **C**auses

What keeps you up at night?

---

- Striving for self-improvement and evolution
- Contributing to the progress and development of society

### **S**trengths

What is your superhero power?

---

- Expert problem-solving skills
- Keen attention to detail
- Adaptability and flexibility in various contexts

## **PART 2: Write down your Personal Mission Statement (by completing each of the statements below)**

---

### **1. My personal mission is...**

My personal mission is to become a skilled Analyst, proficient in utilizing various tools to analyze and interpret different types of data effectively. This mission stems from my passion for making a positive impact through data-driven insights and my commitment to continuous personal and professional growth.

### **2. My key strengths are...**

My key strengths are my adept problem-solving skills, meticulous attention to detail, and adaptability. With a background in applied econometrics, I excel in crafting innovative solutions and deriving meaningful insights from complex datasets. These attributes equip me to navigate diverse environments effectively and tackle challenges with precision and confidence.

### **3. I pledge to further my development in...**

I pledge to further my development in data analysis methodologies, sharpening my skills in statistical analysis, programming languages, and advanced analytical techniques. By staying committed to continuous learning and improvement, I aim to stay at the forefront of data analysis and contribute meaningfully to the field.

### **4. My core values as a leader are...**

My core values as a leader include integrity, transparency, and accountability. I believe in leading by example, fostering a culture of trust and collaboration, and empowering others to reach their full potential. By upholding these values, I aim to inspire and guide those around me towards shared goals and collective success.

## **5. I pledge to advance society's greater good by...**

I pledge to advance society's greater good by using my expertise in data analysis to address pressing social and economic challenges. Through research, advocacy, and evidence-based decision-making, I aspire to contribute to the development of policies and initiatives that promote equality, sustainability, and overall well-being in society.

## **6. I have chosen this personal mission because...**

I have chosen this personal mission because I am deeply passionate about the transformative potential of data analysis in driving positive change. By harnessing the power of data, I believe we can gain valuable insights, identify opportunities, and address complex issues facing individuals and communities. My mission reflects my dedication to leveraging data for the betterment of society and making a meaningful difference in the world.

### **PART 3: Reflect on your Skills Map (by completing each of the statements below)**

---

**On a scale of 1 to 4, how much effort have you put into your ALX studies over the past week? (1= very little effort, 4= huge amount of effort):**

2

**On a scale of 1 to 4, how satisfied are you with how much you have learned in the past week? (1= not at all satisfied, 4= extremely satisfied):**

3

**How much do you agree with the following statement: “The knowledge and skills I have learned in the past week will serve me in the workplace.” (1= completely disagree, 4= completely agree.):**

3
